

Some problem text goes here

SOLUTION 1

$\forall \varepsilon > 0 \exists \delta > 0 : \dots$

BETWEEN

SOLUTION 2

$\forall \varepsilon > 0 \exists \delta > 0 : \dots$

Some text after solution.

This is a text with a `text` hidden.

SOLUTION 2

$\forall \varepsilon > 0 \exists \delta > 0 : \dots$

AFTER moves when using `\hide`, only good for single words. Keep environment then.
